

BOY SCOUT WEEK STARTS FEB. 6

TWENTY MEET IN ORLAND SCHOOL;
DISCUSS EDUCATIONAL PROBLEMSWe'll Have Weather
Whether or Not

By THE OFFICE BOY

Well sir, here it is getting around to the first of Feb. again and as I was mooching around town Monday I had a thought—that come Thursday would be the day that most people are waiting for in order to make plans for the remaining winter, and I guess even John Lewis is looking toward Feb. 2 with certain misgivings.

And a lot of government employees are looking anxiously to this day with the hope that they will do their job better than they have for

More than twenty representatives from Orland Park and surrounding communities met in the Orland Park high school library Wednesday evening, January 25, to discuss their present school situations and to explore possibilities for improving the educational facilities of this area. Orland Park, Palos Park, Lemont, Tinley Park, Frankfort, and Mokena were represented either by members of their respective boards of education or by lay members interested in school matters.

Keen interest in the high school problems of these districts has been aroused by two laws which were passed at the last session of the Illinois Legislature. Mr. N. E. Hutson, assistant state superintendent of public instruction in charge of legal matters, Springfield, has summarized these new laws as follows:

House Bill 1070: States that non-high districts are to be abolished after July 1, 1953.

House Bill 1071: Provides that any district which fails to maintain school for two consecutive years (after August 12, 1949) shall be dissolved and attached to adjoining districts.

Of the six communities represented, only Orland Park and Lemont now operate high schools, and both of these have inadequate facilities for their present enrollment.

Dr. Virgil Henry, superintendent of the Orland Park schools, gave a report on studies that he was recently made concerning the status of the school districts represented as well as some of the neighboring districts—showing assessed valuations, pupil loads, and present tax rates. He presented several possible plans for complying with the new state requirements, and gave enlightening information pertaining to each.

During the round table discussion that followed Dr. Henry's report, it was brought out that the rapid growth in population of the larger neighboring communities is overloading their school facilities; and that several of these school boards have indicated that they may be unable to accept tuition students from this area in the future. Also, many members felt that young people would have a much better opportunity to share in extra-curricular activities in a smaller school located closer to their home. It was the consensus of opinion that further study should be made and another meeting should be held in about a month.

Are You Registered
To Vote?

In order to be eligible to vote in the April 11th, 1950 Primary Election, voters must be registered under the Permanent Registration Act.

If you have registered since June 1942, it is not necessary to register again, unless you have changed your name by marriage or otherwise, if such is the case, it is necessary for you to re-register. In person, either at the Registration Department, 2nd Floor Court House, Joliet, Ill., or with the local Registrars William Kampe, at Frankfort or Harold J. Cooper, at Mokena.

Any person 21 years old or more (or who will be 21 years old by April 11, 1950) who is a citizen of the United States, and has resided one year in the State of Illinois, ninety days in the County and thirty days in the precinct is eligible to register.

If you have changed your address since you have registered, please return your (pink) voter's identification card with the proper information filled in on the back of the card. If you have lost your (pink) voter's identification card, send a card or letter, showing former address and precinct number, and also your new address, new precinct and your signature to Joseph H. Hartley, County Clerk, Court House, Joliet, Ill., and a corrected card will be sent to you.

Inactive Frankfort
Club Dissolved

In as much as the organization known as the Frankfort Civic club has been inactive for the past several years, due to the fact that members are actively participating in Parent-Teachers association and Lions club work, the officers met recently and decided that the organization be dissolved, and that such funds as were still on deposit in the Frankfort State Bank, be transferred to the account of the Frankfort school teachers, to be used for school purposes.

We, the teachers of the Frankfort public school, gratefully acknowledge this donation and assure all members of the former Civic club, that said money will be used advantageously.

\$15,000 Farm Fire
In Homer Burns
Barn and 46 Pigs

Fire of unknown origin started about 11 o'clock last Wednesday night on the Robert Lemon farm 151st street and Will-Cook road in Homer township.

Mr. Lemon was awakened by the light of the flaming barn reflecting on the house. Sixty tons of hay, 10 tons of straw and 46 pigs were burned with the building; also the milk house and three portable hog houses, besides miscellaneous articles, went up in the blaze which spread so rapidly that the Orland Park fire department was unable to save these things. Two of the firemen stood by with the tank truck until 4:30 a.m. to protect the home in case there should be a shift of wind.

The loss is estimated at \$15,000 which was partially covered by insurance.

BASKETBALL

The Mokena Basketball squad had a good week by winning all four games played. This consists of league games and one lightweight game.

The lightweight game was played against New Lenox which proved to be a real thriller. The game was led by Mokena by a good margin until the last quarter when New Lenox came to within three points of tying the game, but the cool playing and sharp shooting of Mokena finally won.

The lightweight team is an up and coming one. They had a slow start in the beginning, but can counter any team now with a fine battle.

The entire basketball team is coached by one of our community, in the person of W. Hamilton. He is a good coach and has a great interest in the welfare of our team. So let us all tip our hats to just one of Mokena's loyal followers, W. Hamilton.

Wednesday, February 8, Mokena will be host to Clearing A. C.

'Roots in the Soil'
To be Shown At
Tinley February 18

Saturday, February 18 will be an interesting day for farmers in this area, when Bettenhausen & Moss will hold their annual "John Deere" day at Tinley Park school auditorium at 7:45 p.m.

A movie, "Roots in the Soil," will be shown, starring Rochelle Hudson and Richard Travis. According to Earl Moss, this is a warm-hearted picture combining suspense, comedy and good music.

Many Candidates Make Will Co. Politics
Interesting; Mrs. O'Neill to EntertainStolen Car Found
Near Frankfort

An automobile stolen in Aurora January 25 was found near Frankfort a few days later.

The car, a 1948 Oldsmobile belonging to Dr. W. H. Schwingel of Aurora, was stolen from a parking lot in that city last Wednesday. The theft was broadcast and William Knipple, deputy sheriff of Frankfort heard it and took note that the car had an Illinois license plate No. 477-04.

Last Saturday, Manson LaHue, section foreman of Frankfort, for the EJE railroad, noticed a car in an unfrequented lane on the railroad property south of route 30 and a few blocks west of Harlem avenue. He called Mr. Knipple who went at once to the location and found it was the doctor's stolen car.

Mr. Knipple had the car towed to the Shilling Bros. garage on route 30 where he notified the doctor that his car had been found. Dr. Schwingel came to Frankfort Sunday and claimed his property.

New Lenox Library
Board Plans to Buy
Land for a Building

At a meeting of the board of directors of the New Lenox township public library, held January 17, plans were made to purchase a lot on which to erect a library building, suitable to the needs of the community.

The library is now located in the Hauck building, across the street from the New Lenox State bank. Mrs. Laura Morris, librarian announces library hours are, Monday from 6:30 to 8:30 in the evening and on Friday from 2 to 5 in the afternoon, until further notice.

The facilities of the library are open to anyone in the township, free of charge. Books may be taken home for a period of two weeks. Free library cards are issued upon proper signature. Mrs. Morris will gladly show you the latest books and any other desired that are on the shelves.

You are invited by the library officials, to stop in at the library the next time you are in town, browse around when you may find just the book you are looking for, for either young or old.

According to Mrs. Marie H. Hauck secretary, books are the most precious and lasting friends. In them one may travel far and wide and not spend a penny.

Fred H. Schoel, president of the library board, announces the next board meeting to be held Monday evening, February 27, starting at 7:30 in the bank building.

Mokena Child Born
With Eye Cataracts
Undergoes Surgery

A case of unusual surgery was performed in Silver Cross hospital last Friday when Dr. George Woodruff of Joliet removed a cataract from the eye of five year old Jeanne Ashby of Mokena.

Jeanne, the daughter of Mr. and Mrs. John Ashby of Wolf road, 1-4 mile north of Mokena, was born with cataracts on both eyes, an inherited condition. She will undergo another operation for removal of the cataract from the other eye at a later date. She returned from the hospital the day following surgery and is doing very nicely in her home with her mother caring for her. They return to the hospital for dressing every other day.

NEW LENOX ICE
MEET SET FOR
SUN. FEB. 5

The ice skating meet will be held Sunday. This is the news that came out of the New Lenox Lions club meeting Tuesday night, who will sponsor the meet.

This skating party was to have been held several weeks ago, but the ice was not provided by the weatherman as had been anticipated. And because Hickory creek at New Lenox is still not yielding proper ice, the meet will be held on the Richard Gorham duck pond. This is located in Homer township north of New Lenox.

Starting at 2 o'clock there will be five classifications: 18 years and up; 14 to 18 years; 11 to 14 years; 8 to 11; 6 to 8, with separate classes for boys and girls. Gold medals will be awarded the winners.

In addition a number of other films will be shown of interest to farmers.

Although admission is by ticket only, all farmers in this area are invited to call at the sponsor's implement store where they will be given to them without charge.

Burglar Admits
Taking Rugs
From Mokena Home

The home of the Franciscan Order of priests in Mokena has suffered a number of times by burglars entering and taking many valuable articles, even parts of the fence. Efforts to discover the thieves proved fruitless, until Monday.

Will County Deputy Sheriffs Doerfler and William Agnlich answered a call last Monday to come to the much burglarized home on Wolf road. There they found that a rug and stair carpeting had been stolen.

The burglar had a little bad luck this time inasmuch that he ran off the driveway as he was leaving the place and had to call a garage to pull his car from the mud. The garage man stated he saw carpeting in the car.

It was also learned that the burglar had made a telephone call to a Mokena party, supposedly his uncle. The identity of this man was learned and he admitted that his nephew, Louis G. Alheim, Jr., 24, of 7807 South Champlain avenue, Chicago, called him the day of the burglary.

Alheim was arrested Monday by Chicago detectives on request of Will County authorities, and was brought to Joliet. He made a confession and told the authorities the loot could be found in a garage near his home in Chicago. He was near his home in Chicago. He was a burglary warrant.

Book Written by Dr.
V. Henry Will be
Reviewed at P.T.A.

"The Place of Religion in Public Schools," a new book by Dr. Virgil Henry, superintendent of Schools, Orland Park, will be reviewed by William S. Pritchard at the regular meeting of the Orland P.T.A. Thursday evening, February 9.

Seymour A. Smith, Executive Director of The National Council on Religion in Higher Education, gives the following endorsement of Dr. Henry's book: "...He has made a significant creative contribution in suggesting principles and techniques through which steps may be taken to incorporate an objective approach to religion in public schools. I hope the book will have a wide sale." Everyone is invited to attend this interesting review.

The meeting will begin at 8:00 p.m. in the school library. There will also be a brief observation of Founders day, after which refreshments will be served.

Health Program on
The Air Starts Fri.

"Keeping Your Baby Well" is the subject of the new series of radio health broadcasts sponsored by the Will County Health Department, announced Dr. L. Fatterer Health Officer.

The first broadcast is scheduled to go on the air at 11:30 a.m. tomorrow, Friday, February 3, on WJOL and the program will be heard at the same time weekly for thirteen weeks.

Thirteen nationally famous pediatricians, selected by the American Medical Association, tell about babies and how to care for them—include some helpful tips to modern attitudes toward the child as a personality.

Such topics as Breast Feeding, Babies Who Fail to Gain, Care of the Baby's skin, and many others will be presented to help you give your child the gift of good health.

The broadcasts will be transcriptions prepared by the American Medical Association and brought to you by the Will County Health Department.

Will County Clerk
Freed of Charges

Will County Clerk Joseph H. Hartley and his many friends are happy over the acquittal verdict of charges of obvious omission of duty contained in an indictment returned by the November grand jury.

After the verdict was received, Mr. Hartley last fall, he at once paid into the trust and fee accounts the \$7,241.87 shortage, Mr. Hartley's attorneys, Charles Robson and Charles Blinn, in his behalf, have filed suit against Samuel C. Bailey, a former deputy in the county clerk's office.

Hartley declares that Mr. Bailey misused the funds of the office, and he is seeking to be reimbursed for the money which he paid into the office funds.

Mr. Hartley is a candidate on the Republican ticket for re-election as county clerk.

the Boston store in Joliet Monday, thus getting first hand experience in merchandising methods.

The festivities Monday evening will be held in the Mokena school gym and will begin with a potluck supper for Scouts and their families at 6:30.

At 8 o'clock an open house will be held in the same location with the general public invited. An interesting and varied program has been arranged with Scouts and their leaders participating. A 30 minute colored movie "Unfinished Rainbows" will be shown as part two of this program.

The Civic association is the sponsor of the Explorer Post and the Boy Scout Troop. The Cub Scouts are being sponsored by the Mokena P.T.A.

Sunday, Feb. 12 will be observed as Scout Sunday and all Scouts will attend their respective churches in a body.

Paul Cowhig is chairman of the general committee on arrangements for Scout Week. Adolph Steen is Adviser of the Explorer Post. Walter Shewski is Scoutmaster of the Boy Scout troop and Winton Hamilton is Cubmaster.

Under The Cross
Of Malta

When Commander Saarela called our meeting to order last Thursday evening every officer of the Post was at his station and many other comrades were also present. It was one of the best meetings we have had for some time. Several important matters were discussed and acted on. The building committee stressed the fact that we need help from the comrades and to make every effort to come down to our building any day or evening, some kind of a job awaits you.

The finance committee presented some figures and facts and asked every comrade to help as much as possible.

Our new building is progressing steadily. The hard maple floor is laid, the doors and trim are being attached, the fluorescent lighting fixtures will be hung soon, then the floor will be sanded and conditioned. The first major event to take place in the new building is scheduled for February 14. Morry Larson has all the details.

Also at our last meeting Service Officer Don Neal enlightened us with reference to the drastic action contemplated by certain Government agencies as recommended by the Hoover commission. This action will take the hospitalization of maimed and sick veterans out of the hands of the Veterans' Administration or from their jurisdiction and be given to some other agency or group of agencies less efficient, less experienced than the Veterans' administration. Every veteran should write his representative and senator in Washington, D. C.

Next regular Post meeting Feb. 9.—Glenn C. Peterson, Publicity Officer.

NEW LENOX TROOP
TO GIVE DANCE

Members and committee members of Boy Scout troop 49, New Lenox, will sponsor a family night dance Friday evening, February 17 in the school auditorium from 8:30 to 11:30. Tickets can be purchased from any of the members or at the business places in the village.

Committee members are, Melvin Whitaker, Everett Merfeld, Maynard Brockman, Frank Gibbons, Glen Vally, John Staehlin and Richard Watters.

Coal From England

Here is a bit of news that should be of interest to the coal miners of the country, and to everyone else.

In 1947, we shipped over 675,000 tons of coal to England. But things seem to have changed remarkably. A press dispatch says that a Boston coal company is awaiting the first shipment of British coal in some years. The president of the company said that it was ordered, from Welch mines, "to bolster reserves depleted by work stoppages in American coal mines."

There can be no question who is responsible for these stoppages. Every one of them was ordered by John L. Lewis. The mine operators want to get the coal out. Certainly, the miners want to keep their earning power, instead of working only three-days a week or no days a week. Industries and retail dealers need coal, and their stocks are dangerously low in some cases. But Mr. Lewis, who is determined to dictate to the coal industry and to the miners, has said no.

The losses to the miners are huge—1949 shutdowns are estimated to have cost each miner something like \$1200. And future losses are incalculable. If coal is unobtainable, or if the source of supply is uncertain, or if the price is too high, users, particularly the big commercial ones, will turn to other fuels with which coal must compete. So jobs are lost and coal's rightful place in our economy is undermined.

Western Legion Meet Advises How to Guard Childrn Against Sex Crimes

Specific recommendations for immediate measures by parents and communities to protect young children against the horrors of sex crimes were adopted by the Western Child welfare conference of The American Legion at Seattle, Wash. The delegates also urged a national conference on a long-range program to detect and if possible, to cure abnormal and depraved sex behavior.

The precautionary standards recommended by the conference included:

FOR PARENTS:

- 1-Know your child's whereabouts and associates!
- 2-Enforce your own curfew!
- 3-Remember the safest supervision of your child is your own!
- 4-Expand your social life to include your children!
- 5-Train your child to go straight home from school!
- 6-Train your child not to accept rides or favors from strangers!
- 7-Remember the moral and spiritual training of your children is in your own hands!

FOR COMMUNITIES:

- 1-Light up your dark places!
- 2-Support an adequate police department!
- 3-Encourage any practice requiring young children to be abroad after dark without proper supervision!
- 4-Invite your police and juvenile authorities to instruct and to advise parent groups!
- 5-Enforce your laws against the sale and the circulation of obscene literature and pictures!

Legion Against Peacetime Draft

Indianapolis, Ind.—The American Legion, through its National Executive Committee, has taken a stand against extension of peacetime Selective Service legislation. The NEC at its meeting here adopted the following resolution:

"Whereas, The American Legion has always vigorously and forcefully urged the adoption of Universal Military Training and National Security Training; and

"Whereas, The position taken by The American Legion in 1948 secured the passage of peacetime Selective Service; and

"Whereas, By the enactment of such Selective Service legislation the Congress of the United States accepted such enactment as a milked-down substitute for National Security Training which we should have had; now, therefore, be it

"Resolved, by The American Legion, That we reaffirm positions previously taken in opposition to peacetime Selective Service and that we recommend that the same not be extended by the Congress of the United States."

More Polite, Too

The person who refuses to drink carbonated beverages from the bottle and insists upon a straw or paper cup, is not being finicky but sensible. "Cosmopolitan" magazine points out in its "What You Don't Know CAN HURT You" columns, that ice water vats in which soft

drinks are kept, often become grimy from many hands. This grime collects on the neck of the bottle and makes for an unsanitary condition.

THE MM WAY IS THE EASY WAY

In baling hay with the new MM Bale-O-Matic, one-man operated automatic pick-up baler, the operator simply drives the tractor, the Bale-O-Matic does the rest... picks up the hay from windrow or swath, compresses and slices it into uniform slices and ties it firmly with wire into bales of uniform size and weight.

The pick-up mechanism of the MM Bale-O-Matic picks up all the crop, works equally well in green or cured hay or straw. Pick-up mounting is spring-balanced for efficient, floating operation. Entire pick-up may be quickly raised or lowered "on the go" for ridges or ditches. V-belt drive with adjustable sheaves enables you to adjust speed easily to suit all field and crop conditions. There will be a meeting of Ann Rutledge PTA in the school Tuesday, February 7 at 7:30 p. m. A special program will be presented by the children of the upper grades to celebrate PTA Founder's Day. Hostesses for the evening will be Mrs. Donna Carter, Mrs. Elsie Studnicki and Mrs. Bernice Steck. Everyone is promised an enjoyable evening.

The Young People of Calvary Baptist church held a banquet in the church Thursday, January 26. The program was completely planned and managed by the young people of the church and neighborhood. The following committees were in charge and did an excellent job.

Menu committee, Freda Heaven-er, Tena Humaneck, George Letts; Decorations, Richard Vaughn, Shirley Boze, and Nancy Boze; Music, Arno Pauling; Cooking and serving, Mrs. Jerry Sluiter, Mrs. John Ball, Mrs. J. C. Vaughn, Mrs. A. Boze and Mrs. Heaven-er.

Friends of the church generously donated the groceries for the banquet. Alvin Boze donated the ice cream and Floyd Martin the chickens.

The speaker of the evening was Mr. Richard Curtis and music was rendered by the girls trio from Joliet, and a merambist also from Joliet. The master of ceremonies was Rev. Kerr, pastor of the church.

Robert Wheeler, 80th avenue, spent part of last week in Pico, Calif., where he attended the funeral of his sister-in-law, Mrs. Arleigh M. Wheeler who died suddenly last Thursday. Mr. Wheeler made the trip both ways by plane.

Bobby Baisie, 80th avenue, celebrated his fourth birthday January 21 with a party in his home. His little guests included Rosemary and Karen Ritt, Linda, Jimmy and Donald Hatz. The children enjoyed games and refreshments.

Mr. and Mrs. Walter Carter, Hillside road entertained Mr. and Mrs. Roy Schwartz of Rock Island, Ill. and Mrs. Frank Carter of Chicago last Saturday evening. Sunday Mr. and Mrs. Herman Lentfer and children of Ivanhoe were dinner guests of the Carters.

Wm. B. Barrowman Tosses Hat in Race For Will Co. Sheriff

William B. Barrowman, 655 Mason avenue, chief deputy under Sheriff John Kirinich for the past three years, is making formal announcement of his candidacy for the Republican nomination for sheriff of Will county in the primaries Tuesday, April 11.

Barrowman, who has been non-committal since his petitions were first circulated a few weeks ago today expressed his gratitude over the enthusiastic manner in which individuals and groups throughout the county have responded to his aspirations for the job.

The son of the late Alexander and Mary Jane Barrowman, of Braidwood, the candidate spent much of his early youth in that village until his father, a coal miner, moved the family to Joliet.

Upon completing his education in the Joliet schools, Barrowman took a job at the Phoenix Horseshoe plant in Joliet and was elected one of the first presidents of the Phoenix Lodge No. 2, Amalgamated Association of American Steel and Tin Workers.

In 1916 Barrowman filled a boyhood ambition when he joined the Joliet City Police department as a

patrolman, a move which was to launch a colorful 34-year career as a policeman, deputy sheriff, warden and railroad special agent.

As a deputy sheriff, he served under James E. Newkirk and Oliver Flint, was deputy warden at Joliet's old prison and was appointed as assistant superintendent of the Illinois State Reformatory at Pontiac. He served the police department of the Elgin, Joliet and Eastern railroad for 12 years where he received high praise from employees and officials alike.

The candidate's father served as a deputy under Sheriff's Piepenbrink and Stevenson. His son, Robert W., a former Joliet Township high school football star, is a patrolman with the EJ&E police department.

Chief Barrowman is a charter member of the Loyal Order of Moose, Joliet Lodge No. 300, while other fraternal affiliations include the Matteson Lodge A.F.&A.M., the Northwest Recreation club, the Moran A. C. club, various chapters of the Will county Sportsmen's club, the Old Timers Baseball association and the Illinois Police association. He is a member of the Grace Methodist church.

Barrowman was first married to Mae LeDoux and Robert W. was born of the union. Several years after her death he married the former Florence Kuffel Gaughan. Besides Robert, he has a stepson, C. James Gaughan.

Chief Barrowman has one outstanding hobby; the helping of fellow men, the building of youth, and the prevention of juvenile delinquency.

Things to Know

EDITOR'S NOTE: This is one of a series of articles about venereal diseases prepared for publication by the Cook County Department of Public Health. Names of patients are confidential records and cannot be revealed. The stories are being released in an effort to spread information about one of the most serious diseases in America today and to acquaint Cook County residents with the diagnosis and treatment facilities that are available to them.

REMEMBER

"Syphilis, treated in the early stages, is being cured in 99 per cent of the cases by the 10 day rapid treatment with penicillin. In later cases we also get marvelous results, but the percentage, of course, is not so high as when treatment is started early. The first sign of syphilis is an unexpected sore on the body or mouth. If you have such a sore, be sure to see your doctor or your local health department."—Dr. John B. Hall, M. D., Director Cook County Department of Public Health.

Veneral disease is still spreading among the population faster than public health personnel can trace it. There are an estimated 200,000 new cases of syphilis

the country every year. At least one fourth of the new victims do not know they have the disease and therefore do not have it treated.

Early syphilis can be cured in ten days by the use of penicillin under proper medical supervision. The trouble now is that an infected person usually infects several others before he discovers he has the disease.

Take the case of a young, 16 year old girl here in Cook County. Her home life is much like that in too many homes at the present. Her father died while she was still young and her mother turned to alcohol for aid in solving her problems. Let's call this girl Rose, although that is not her real name.

Rose left high school before graduation. Reported by her teachers as always a problem, she was noted to be boy-crazy and wild. Her teachers were able to report that Rose had a fair I. Q. but that she was too easily misled and confused.

After quitting school Rose looked for new companions and new social outlets. She had no trouble finding either one. Her mother, too absorbed in her own problems, failed to notice Rose's newer fields of endeavor.

Several months after quitting school Rose went to see a doctor about a boil that she said bothered her. The doctor suspiciously sent some of Rose's blood to the labor-

atory for examination. The report from the lab showed that Rose had syphilis.

Although she hadn't finished high school, Rose was smart enough to accept treatment for her disease when it was offered. Since she could not pay for treatment from her own doctor, Rose was sent to the Chicago Intensive Treatment Center by the Cook County Health Department. After the two weeks' treatment at CITC Rose was returned home as cured.

But Rose's case was far from closed as far as County health officials were concerned. What about those newly won friends of Rose's? She had had syphilis for several weeks before it was discovered. Had she infected anyone else? And who had infected her?

When she entered the CITC Rose was asked to name all of the social contacts she had during the time before her disease was found. She listed some 25 names. Names that the health authorities were interested in to find out who had given Rose the disease and to whom she had in turn passed it on.

Each of the 25 names that Rose had given was contacted and a blood test taken to determine the presence of syphilis. Luckily, in this case, not one of them showed signs of the disease.

But that did not answer the question of where Rose had gotten

the disease. So once again health officials know that although they have cured one case of venereal disease, the original source is still at large spreading the disease. And in all probability, Rose had forgotten one or two contacts that may be or may not be spreading the disease.

This is the way venereal disease spreads faster than health officials can trace it. Nearly every person, warned by a health officer that he may have syphilis, is willing to undergo a blood test. If proven to have syphilis he is willing, usually anxious, to be treated.

But this is not enough. This will not stop the spread of syphilis. Everyone must protect himself. Everyone should see a physician immediately if he has any symptom of venereal disease. He should have a blood test occasionally as an additional precaution.

Many Cook County physicians refer suspect cases of Venereal Disease to Cook County Health Department clinics for diagnosis or interpretation of their illness. Also, where patients are unable to pay for treatment so that no one will go untreated. Identities of course, are all protected.

The Cook County Department of Public Health, in its effort to combat the spread of venereal disease, has five clinics operating in the area which offer diagnosis and treatment facilities. They are lo-

cated at: Berwyn, 6600 W. 26th St. Chicago Heights, St. James Hospital; Harvey, 15430 Park avenue Robbins, 139th and St. Louis ave. 3-6553.

Where We Came In

Lesson for February 5, 1950

A CIRCULAR LETTER came in the other day from a stranger who is hot and bothered because he has discovered that Jews and Negroes can belong to Christian churches along with white Americans. The astonishing thing is not that that should be true, but that any man should get excited over it. What astonished the Apostle Paul was not that Jews were in the Christian church but that anybody else could be! We must recall that Jesus was a Jew; that all the apostles were Jews; that the first Christian church at Jerusalem was composed exclusively of Jews.

Dr. Foreman

New Type

THE CHURCH AT ANTIOCH, one of the great commercial cities of the Roman world, was where we Gentiles came in. The writer is indebted to his former teacher, Dr. Charles Erdman, for noting four ways in which that church in Antioch was something new.

They had no Old Testament, they knew nothing of the Old Testament sacrifices, they had no interest in the Temple or in the history of Israel. Like most Gentiles, they had usually thought of the Jew as a quaint but unimportant minority group. Now that these Gentiles were in the same church with Jews, there would be plenty of room for trouble.

Could a church made up of such different races become a true Brotherhood? So the old mother-church at Jerusalem sent up Brother Barnabas to look around. Barnabas was not the church's most brilliant mind, but he had a heart full of faith.

New Leaders

GOD DOES NOT ALWAYS give the greatest successes to the "big names." Nowadays every one who knows his Bible knows Paul and Barnabas; but in Antioch both men were unknown at first, and untired.

When God wants a Reformation he calls forth a Luther, an obscure man who never fitted any of the existing priestly molds. When God wanted to open up Africa he called David Livingstone; when he wanted men for the far interior of Asia he called Hudson Taylor. When he wanted light to shine down into the slums he called William Booth.

These were all peculiar men by the standards of their times; but it takes peculiar men to break away from tradition's hearth-fire and break out new roads for the Gospel.

New Center

FOR SOME TIME Jerusalem was the capital of the Christian world. All roads led out from there, so to speak. With the rise of the Antioch church, however, a new center took the place of the old. Jerusalem withered away. In later times Alexandria led, and then other cities.

For a thousand years Rome and Constantinople were the acknowledged centers of the Christian world. Now we have also London—New York—Geneva... Many such centers have small beginnings. In America's early days the churches of Scotland sent over missionary offerings for the help of the struggling little church of New York.

In future years, who knows? Some church in Yunnan may be sending missionaries to the feeble folk left in the war-devastated ex-white world.

New Name

ANTIOCH is no longer a city of any importance. Missionaries go to it, not from it. But old Antioch left us something still cherished, a new name for believers: Christian. That name itself proves something.

It proves that the church in Antioch was something more than an aggregation of "churchmen." It was a family of Christ-men and Christ-women. These believers must have talked and lived something better than mere vague "religion." They talked of Christ, they loved Christ and they lived Christ, till even their busy neighbors took notice.

If your church had no name, and if your neighbors were to name it, and all the neighbors knew about it were you, by what name would they call it?

GET YOUR
FAMILY ACT. BK

If you resolved to "do something" about your spending and saving during 1950, follow through by getting a family account book. Farm and town folks alike can use this book, published by the home economics department of the University of Illinois College of Agriculture.

"Record keeping is a tool toward getting what you want from your money and other resources," says Mrs. Ruth Freeman, home accounts specialist of the home economics department. An average of 3,000 account books are sold each year in Illinois. After a year of account-keeping, a sample of records is summarized and returned to the family with an individual summary of the accounts. Mrs. Freeman added, "Anyone who is interested in summarization should check with the home adviser."

Reasons for keeping account books are varied. One woman, a second generation account keeper

(her mother is keeping records for the 20th year), says, "How could anyone get along without keeping accounts? It would be impossible to figure income tax without it. There is never any question as to where the money goes when there is always a ready record."

Here is an example, Mrs. Freeman says, of how account keeping can set an example for your children. The way young people manage money may depend on how their parents use money.

Another Illinois homemaker gave this reason for keeping family accounts: "Keeping home accounts helps me to know where I'm spending too much money. I know when my grocery list is too high. With a lower income, I can raise a larger garden or do a better job while shopping."

You can get a family account book from your home adviser or at the home economics department of the University of Illinois College of Agriculture for 25c.

Feeding Fall Pigs

If you are feeding fall pigs, you will probably be interested in a good protein supplement which will cost you about \$4 to \$4.50 per hundred pounds if you mix it yourself.

From Harry Russell, livestock extension specialist at the Illinois College of Agriculture, comes the amount of each element in the mixture you will need in order to make this balanced supplement.

You will need four sacks of meat scraps, 10 sacks of soybean meal, five sacks of 15 percent alfalfa meal and one sack of simple mineral for each ton of supplement.

With meat scraps figured at \$110 a ton, soybean meal at \$75, alfalfa meal at \$65, and mineral at \$70, the cost of this feed is \$79.25 a ton. The mineral could be two parts of limestone, two parts of steamed bone meal and one part of salt, but any simple mineral mixture will do.

This is a 35 percent protein supplement. Russell says that it is much better for drylot feeding than straight soybean meal at 41 percent, because it contains the meat scraps and alfalfa meal needed for their mineral and vitamin content. It also contains vitamin B12 by way of the meat scraps. Try it out in your feed mixer or in your wagon bed.

Income Splitting for Income Tax
Purposes

It is to be remembered that the Revenue Act of 1948 which governs the tax for 1949 is usually referred to as a community property law, but it is in no sense a community property law. Property rights, laws of descent and ownership of income are in no way affected by its passage.

The present law gives the benefits of splitting income to married couples of all states. This is accomplished by giving husbands and wives in all states the right to file joint returns on which their combined net income and their combined exemptions are divided by two; the tax is then computed on half the income and such tax is multiplied by two. Prior to 1948 these benefits were allowable for married couples in community property states only.

This income splitting results in the same tax in a common law state as is payable on the same account

of family income by residents of a community property state.

In order to split the income it is necessary for a couple to file a joint return, because the gross income of husband and wife must be totaled. Their deductions must be totaled. The net income is then divided by two and the tax is computed on half of the net income, allowing one-half of the combined exemptions. This result is multiplied by two in order to obtain the tax on the combined income of husband and wife. This method of computation cannot be used on separate returns.

The tax saving affected by in

come splitting will vary according to the size of the combined income and its division between husband and wife. If the incomes were equal, no saving would be made. If, however, all the income or a large percentage of it belongs to one spouse while the other has little or no income, a large saving would result, especially if the income is large enough to put the tax in the higher surtax brackets.

Before you file your return be sure that you have chosen the method of filing and computing your tax which is most advantageous to you. If necessary consult one of the zone offices.

Why Should a Dollar's Worth of Travel
Continue to Cost You \$1¹⁵?

"IS THIS TRIP NECESSARY?" you were asked in 1941, when every inch of space was needed for troops and war supplies.

To discourage travel then, a tax was added on your travel dollar, a tax that grew to 15% during the war. The Federal Government collected it through the railroads. The Government still collects it, though your travel need not be rationed now.

Today, the original purpose of this tax is as obsolete as an Air Warden's helmet. But, four years after the war's end, YOU are still paying the Government at the rate of \$250,000,000 a year in travel tax.

And, of the billion and three quarters collected since 1941, over half came out of your pocket after the green light on travel went on again.

You don't have food rationing today... you don't have gasoline rationing today.

Yet, a very real brake is still being put on travel. On a coach trip from New York to Chicago, for example, YOU are still paying \$4.61 in Federal tax.

And the same with the goods that are shipped to your home community. On every dollar you pay for freight, you pay the Government an extra 3 cents (4¢ a ton on coal). That means YOU are still paying over \$300,000,000 a year — freight tax alone.

This tax should be repealed NOW. There is no longer any reason you should pay \$1.15 for every dollar's worth of travel... \$1.03 for every dollar of railroad freight.

**An ad on
USEFULNESS**

Friend of ours was telling us about one of the most useful devices in the world.

"It works 24 hours a day for me," he said. "And never yet has let me down when I needed it most."

"Fact is, I use it to run all kinds of errands, carry messages to and from a steadily growing number of people, get help in emergencies, make friends and lots of other things. It saves me time, worry and money."

"Costs only a few nickels a day, too," he added.

"Must be a newfangled robot," we scoffed.

"No," he said. "You have one yourself—your telephone."

When you stop to think about it, few things are more useful than your telephone. Few things do so much for so little.

CARD OF THANKS
We wish to thank our relations, many friends and the Alpine Community club members for cards, flowers and kindness shown us on our 45th wedding anniversary. MR. and MRS. FRANK SAYERS

Thomas Kak, who is living with his aunt, Mrs. Opal Oelke in Orland Park, has enrolled as a sophomore in the Orland Park Community high school.

Thomas is a transfer student from St. Ignace high school in Chicago.

The Ladies Aid of the Christ Lutheran church will hold their regular business meeting Thursday, February 2, beginning at 2:00 pm.

The Royal Neighbors met in the home of Mrs. Elsworth Uthe January 26. After the business meeting, luncheon was served by Mrs. Uthe and Mrs. James Hebel.

The Young Woman's bunco club gave a baby shower for Mrs. Violet Cooper at the home of Mrs. Irene Borge January 25. Baby Priscilla received many lovely gifts.

Fatsy Reish, daughter of Mr. and Mrs. Earl B. Reish, is recovering from chicken pox.

The Junior Woman's club will meet at the home of Mrs. E. M. Libner Friday evening, February 3 beginning at 8:00 o'clock. Mrs. Marvin Schmaedeke, vice president, will preside in the absence of Mrs. Franklin Loebe who is vacationing in Florida. Mrs. Schmaedeke is arranging an interesting program for the evening. Hostesses are Mrs. William S. Brown and Mrs. R. McKinney.

Roger Brown, son of Mr. and Mrs. William S. Brown, is also recovering from chicken pox.

Albert Loebe, son of Mr. and Mrs. Roy Loebe, celebrated his second birthday January 25.

Mrs. Bertha Keuch pleasantly surprised her brother, William Junker, with a birthday dinner on January 18 in her home in Blue Island. In the evening, his daughter, Mrs. Julia Beagley and family entertained him at an oyster supper in the Beagley home. Other guests included, Mr. and Mrs. Ben Yunker, and sons Ronald and Wayne of Blue Island, and Mr. and Mrs. Edw. Bennett and Debbie of Orland.

Mrs. Rose Yunker, well known in this vicinity, underwent a major operation in Silver Cross hospital Joliet last Wednesday.

Mr. and Mrs. Willard Creer and Janice and Ronald visited at the A. B. Beagley home in Blue Island last Wednesday evening.

Mr. and Mrs. Rosario Cosentino and family attended the baptism of the daughter of Mr. and Mrs. Geo.

Janaskowski of Chicago a week ago Sunday. Mrs. Cosentino was godmother for Rosann.

Three local children had birthdays this past week. Jackie Carrier was 10; Martha Robson was 9; John Leavitt was 6.

Mr. and Mrs. Arthur Granat and daughter and Mr. and Mrs. M. Chiappetti were dinner guests of Mr. and Mrs. John MacIntosh last Saturday evening.

Jake Kramer is home ill with a quincy sore throat.

Carley Gaddis figured in an automobile accident last Saturday at 143rd and Wolf road. Luckily no one was injured.

Mr. and Mrs. Herbert Robson's infant daughter was christened Carolyn Joan last Sunday morning at St. Michael's church. Godparents were Mr. and Mrs. Frank Katitus of Chicago. Following the christening a dinner was served to guests at the home of the grandparents, Mr. and Mrs. Raymond Robson.

Supervisor and Mrs. Fred E. Yunker spent Saturday in the Frank Schult home in Chicago. Gordon Powell Jr., who has been in the U. S. service for the past year, stationed at Fort Lawton at Seattle, Wash., returned home last Friday having his honorable discharge. He indeed was glad to be back home in Orland.

Methodist Church
Sunday, Feb. 5 at 10:30 am. the Church will observe The Boy Scout Anniversary. The Boy Scouts will take part in the service. A fine program has been arranged. The Scouts will be seated in the front to the left. Parents, relatives and friends are asked to be seated to the right in front. The choir will furnish special music and lead in the response. The subject of the scouting program is the Real Scout.

The Methodist Youth Fellowship are inviting the officers and classes of Dr. Rooth, Elsie Cooper, Laura Cooper, Mrs. Geissinger, Mrs. Rempel and Mr. Owen in their special youth week program Sunday night Feb. 5. The service will be held at 7:30 in the sanctuary then continue in the social room where recreation will be had and refreshments served.

The official board meeting will be held in the social room Tuesday February 7 at 8 pm. Very important. Every official member should be present.
